To  
Mr. Sachin Bahmba  
CMD  
SPACE

Dear Mr. Bahmba,

We would like to appreciate SPACE for successfully running Astronomy Club in our school for last many years.

Astronomy and Space Sciences are the most effective way to inculcate Scientific Temper and make young minds learn science. Astronomy Club hands-on approach to learning encouraged our students to be an amateur astronomer and a budding space scientist. Beyond the much appreciated curriculum, the Astronomy Club provided international recognition and applauds to our students at global level through various national and international projects and competitions. The overnight educational trip to Astroport, Sariska, Rajasthan provided a great sky viewing experience to the students. The Astronomy Day celebration in school has ignited an Astronomy Wave among students to learn more about our cosmos.

We thank SPACE for their contributions and wish them success in future endeavours. Looking forward to a long educational association.

With best wishes

Aditi Misra  
Principal
