

SUNDAY **3**  
2 OCTOBER 2016

## **Applications invited for design contest**

**NT Bureau**

Chennai, Oct 2:

Applications are invited from school students for Kalpana Chawla Space

Settlement Design competition conducted by SPACE organisation.

According to a press release, students participating in the competition in teams will address and design a future space settlement on planet Mars with the understanding of all scientific aspects.

The competition will be conducted at two level - zonal and national, for students from class VII to XII standards (13 to 18 years).

The registration is on and the last date for submission is 15 October.
