DAV Public School opens Astronomy Club

NT Bureau

Friday, 30 September 2016

Chennai: DAV Public School (DAVPS), Velacheri in association with Space Technology & Education, New Delhi inaugurated 'DAVPS-Astronomy Club' for the middle school students.

A total of 90 students have enrolled for the SPACE Astronomy Club Programme, the clubs were being named as Krithika and Rohini and grouped into 45 students each, a release said.

"The students will have a fun way exploratory learning of astronomy and space science as per the curriculum. The courses include outdoor scientific camps, day and evening observations carried out within and outside the school campus," said A Prabhakaran, astronomy educator, SPACE.

Professor M S Sriram, Department of Theoretical Physics, University of Madras, Guindy Campus and R Gopalan, Associate Director, International Advanced Research Centre for
