New Delhi

Dear Mr.Bahmba,

We take this opportunity to thank SPACE for successfully conducting innovative and exciting hands on Astronomy activities in our school. SPACE is doing an amazing job at harnessing scientific temperament amongst our students by giving them an opportunity to participate in different national & international competitions & projects.

The experience of watching one of the rarest astronomical event-Transit of Mercury totally mesmerised the budding astronomers of our school. Meeting their role model, Captain Sunita Williams was a moment to treasure for the students and me as well .Through international projects like Sally Earth KAM Ride conducted by SPACE, our students have got a memorable opportunity to take snap shots of their favorite spots of earth from Space and that was indeed an enthralling experience for each one of them.

DPS Greater Faridabad appreciates SPACE efforts in motivating young Dipsites to explore the domain of space with curiosity and free imagination.We wish SPACE the very best in their future endeavours and look forward to an exciting journey of learning with them.

Ms. Surjeet Khanna.
Principal
